

SOCIAL TAILORING

2023-1-ES01-KA210-ADU-000152023

Month of August (2025) | Number 2

Dear friends and supporters,

We are writing this newsletter to announce that the “Social Tailoring” project, co-funded by the Erasmus+ programme of the European Union, officially ended on 31 August 2025.

We are incredibly proud of what we have accomplished together and are happy to share the results of this inspiring journey.

The Social Tailoring project was launched to promote social inclusion and provide new skills through non-formal training and coaching in the fields of creativity and tailoring. Thanks to the collaborative efforts of our consortium, we have succeeded in creating a European "social tailoring" network and establishing a hub for training and creativity.

Our key findings include:

Development of a comprehensive Training and Coaching Plan, available in English, Italian, Macedonian, Portuguese, and Spanish, to guide our educational activities.

- Creation of a detailed Training Manual to support the participants' learning process.
- Creation of a European social tailoring network to foster collaboration and the exchange of best practices among organizations active in the field of social inclusion.
